Congratulations! You have become one of the privileged users of the latest smart meter technology. This technology takes all the hassle and frustration out of conventional prepaid and credit metering. Our aim is to ensure that your experience with ismrt! will exceed all your expectations. Should you experience any problems, hassles or lack of response, please contact our **Helpdesk at 0860 476 789. Your positive experience management of your electricity (and / or water) is what will ensure both our success and yours.**
